Aged Care

**AGED CARE | RESIDENTIAL CARE | HOSPICE |
INDEPENDENT LIVING | SPECIAL DISABILITY**

Workspace has an extensive range of furniture solutions with functional designs, quality product and appropriate finishes and decors to suit the diverse spaces and functions within Aged Care and Allied Health environments. Our aim is to provide attractive, durable, quality products to meet the needs of today's public and private Aged Care environments.

We specialise in aged care appropriate furniture solutions for administration, clinical and patients living areas through a single facility or a group of sites. No more is the requirement to simply design functional spaces to support aged care residences, the goal now is to provide innovative lifestyle environments that cater for the progressive nature of aged care and incorporate all the luxury of a hotel and the comfort of home.

Working collaboratively with aged care designers, builders, and facility owners, we seek to break the stereotype of aged care and deliver bespoke and standard product ranges and inspirational projects that are driven by functional need and exceed aesthetics stereotypes.
