Ascham

The Ascham Table showcases a modern, contemporary design with a visually light presence that complements any space. Constructed from solid timber, its top is available in veneer or pre-finished board, offering versatility in both function and finish.

The Ascham range includes dining, side, and bar tables, making it suitable for a variety of settings. With custom stain options, the table can be tailored to match your aesthetic preferences, ensuring a seamless fit with your interior style.

The Ascham Table brings together refined craftsmanship and adaptable design, perfect for modern homes and commercial environments.
