Bellini

The Bellini Arm Chair is a timeless lounge chair that combines classic elegance with exceptional comfort, making it ideal for aged care, retirement living and healthcare environments. Its high backrest and supportive armrests provide excellent postural support for extended periods of use, while its classic design complements both traditional and contemporary interiors.

Customise the Bellini with contrasting piping, two-tone upholstery and a choice of timber stain finishes to suit any space. It is built for durability and long-term performance, delivering a comfortable, stylish and reliable seating solution for demanding commercial and healthcare applications.
