

Bika

workspace
commercial furniture

The Bika chair is a minimal slim line stackable seating option that is a game changer for the multi-purpose chair market. It's seemingly simple structure and soft aesthetic disguises a great innovation in design.

Bika boasts a sleek monocoque frame that is strong, flexible and stylish. The slim design, smooth finish and defined lines give it a modern yet inconspicuous aesthetic.

The Bika is available in a range of seat colours making it extremely customisable for the end user allowing them to exercise their creative needs.

The versatile Bika chair is sure to be a favourite across a wide range of sectors.
