Bureau Booth

Discover how a Bureau Booth can revolutionise the way you work, think, meet, and create.

A team of Australian design and business experts joined forces with one of the world's leading acoustic manufacturers to develop premium, yet competitively priced, acoustic workspace solutions – from a single-person phone booth to a six-person meeting room.

Designed for any environment—whether commercial workplaces, hotels, retail spaces, government buildings, residences, or healthcare facilities—our acoustic booths provide insulated, quiet, and private spaces that stand out.

Empower your corporate workforce with focussed spaces or enhance your productivity while working from home. With Bureau Booths, you can maximize the potential of your team.

Elevate Your Space with Bureau Booths.

OVERVIEW

Plug-and-play!

Internal lighting, power and ventilation operated via a standard wall socket.

Acoustic Design

Take private calls, video conferences and team meetings without disturbing others or being disturbed.

Premium Materials

Aluminium frame, tempered glass windows and carbon polymer acoustic panels with woven PET lining.

Cost Effective

Our booths are 20-25% cheaper than a traditional office / meeting room.

DDA Compliant

Large and X-Large booth have access ramp and sensor operated sliding door options.

Design

A sleek architectural design element to add to any workspace. Customisable to fit your brand / interior design.

Ventilation

The booths have over 4x the required ventilation of a traditional office. Our ventilation system cycles the entire air volume of the booths in under 3 minutes.

Mobility

Easily reconfigure your space or take with you to your new office.
