

Take-Back Program

Product Return Form

At Workspace, our products are designed with durability, circularity, and end-of-life recovery in mind. Aligned with our ISO 14006 Eco Design certification and Workspace Circular Solutions program, our Take Back Program supports the reuse, refurbishment, re-manufacturing, and recycling of furniture to reduce waste and keep valuable materials in circulation.

To arrange a return, please complete this form and email it to: circulareconomy@workspace.com.au

Contact Details:

Company Name: _____

Contact Person: _____

Phone Number: _____

Email Address: _____

Product Details:

Product Range	Product Name	Quantity	Approx. Years Used	Date of Return

Important Information:

1. Products must be free of unrelated waste.
2. Unless otherwise agreed, products will be collected from the customer and returned to Workspace headquarters at 54 Jose Street, Melrose Park SA 5039, SA.
3. Workspace may develop a case study using returned products to support learning and improve circular design outcomes, short summary of how a product was returned, assessed, and recovered (e.g. reused, refurbished, or recycled), used to improve future design and sustainability practices. If you prefer not to participate, please advise us.
4. For additional information, please contact circulareconomy@workspace.com.au
