# Flow

Flow, named for its elegant sweeping curves, offers an ergonomic and stylish seating option that stands out in any space. Designed for both comfort and practicality, Flow isn't just another chair; it's a reflection of your design sensibility.

This chair complements our range of visitor and breakout seating, perfect for areas where stackability is key. The Flow chair provides a more spacious and comfortable experience compared to typical options, all while being proudly Australian-made by Workspace Commercial Furniture.

Available in a wide selection of fabrics, leather, or vinyl, Flow can be customised with chrome, powder-coated, timber legs, or a 4-star base with castors, making it the ideal seating solution for any environment.
