Quadra

Quadra is a sleek, versatile seating solution with a slim, bent Beech plywood shell, available unupholstered, partly, or fully upholstered. The chair features a high-back shell and two frame options – a minimal 4-leg or sled base – and offers stability and comfort in a lightweight design. The range includes a low-back stool with sled frames in two height options.

With a variety of stain, upholstery, and powder coat finishes, the Quadra Chair brings contemporary style to any setting, from offices to hospitality environments.
