Trend

Workspace Commercial Furniture (formerly TH Brown) is proud to be remaking the TH Brown Trend Lounge, an iconic mid-century Australian lounge chair for residential and commercial spaces.

The third piece to be released in Workspace's Origins Collection, the Trend Lounge reinforces the Origins Collection's commitment to Australian design and manufacturing. In partnership with the third generation of TH Brown's family, we're bringing this iconic lounge into the 21st century, while enhancing sustainability and durability with all products hand finished to the same exacting standards as the originals.

Continuing Workspace Commercial Furniture's commitment to craftsmanship each lounge comes with a ten year warranty, and features iconic loop chrome frame and available in a range of fine fabrics and leathers. The versatility of the Trend is matched by the ability to customise upholstery and customise configurations. As a single seater it is the perfect lounge for all occasions, add multiple side by side for a multi-seater and add the foot stool for a greater level of comfort. These unmistakable pieces are not replicas, but a thoughtful evolution of TH Brown's original vision remade for today.

A masterpiece from the Workspace Origins collection
